EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Leonid D. Thenor on 03/14/2011. The application has been amended as follows:

In claim 7, line 11, --wherein—was inserted before "a unit".

In claim 7, line 15, "maintaining" was changed to -- wherein the unit for changing a ratio of irradiated light intensities maintains --.

In claim 7, line 21, "x" was changed to --X--.

2. The following is an examiner's statement of reasons for allowance: Heinemann et al. (US Patent 5,291,884) discloses an apparatus for measuring a blood parameter that can adjust the intensities of first and second light sources to remain substantially constant over a range of values of blood parameters. The prior art does not disclose or suggest a biological photometric equipment comprising a unit for changing the ratio of the irradiated light intensities so that the intensity of the irradiated light in first wavelength range is at least either in the range from 0.3 to 0.7 times or in the range from 1.3 to 19 times as compared to the irradiated light of the second wavelength range, and also a unit for switching a ratio of the irradiated light intensities from time to time

between the ratio of irradiated light in first wavelength range against the irradiated light in the second wavelength range in order to minimize the measurement error.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to MARJAN FARDANESH whose telephone number is (571)270-5508. The examiner can normally be reached on Monday-Friday 9:30-18:00.
